

SIR KEN ROBINSON

THE CREATIVE EDGE

Inspiring Innovative Thinkers

Sir Ken Robinson — an international expert on creativity and 21st century learning — takes the stage at the Tenth Anniversary celebration of the Common Ground Speaker Series.

The visionary educator challenges parents and teachers to reset priorities for today's youth. Innovation, imagination and risk-taking are "strategic necessities" that students need to succeed in the global economies of tomorrow, he says, calling for a "paradigm shift" in our approach to learning at home and in school.

Sir Ken shares strategies to help people of all ages fulfill their creative potential and discover their life passions. A witty, engaging speaker, videos of his legendary TED talks have been viewed by an estimated 200 million people in over 150 countries. His books include *The Element: How Finding Your Passion Changes Everything* and *Out of Our Minds: Learning to Be Creative*. Sir Ken's many awards include a knighthood from Queen Elizabeth II and a Peabody Award for his service to the arts and culture.
